How to Create your FirstView 1.0 Account

To track your student's routes within FirstView 1.0, you will need to create a FirstView 1.0 account.

To Create a FirstView Account: Download the FIRSTVIEW 1.0 app

1. Open the app, and on the following screen, tap Sign Up.

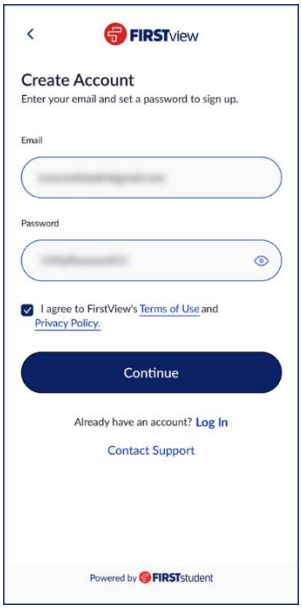

2. On the screen that opens:

   a. Specify the **Email** address that you want to use for your new account.

   b. Specify the **Password** for your new account. The password must meet the following requirements:

      - Contain 8 or more characters.
      - Contain at least 1 uppercase character (A–Z).
      - Contain at least 1 lowercase character (a–z).
      - Contain at least 1 number (0–9).
      - Contain at least 1 special character (!, @, #, or $).
      - Cannot start or end with a space.

c. Agree to FirstView's Terms of Use and Privacy Policy, and then tap **Continue**.

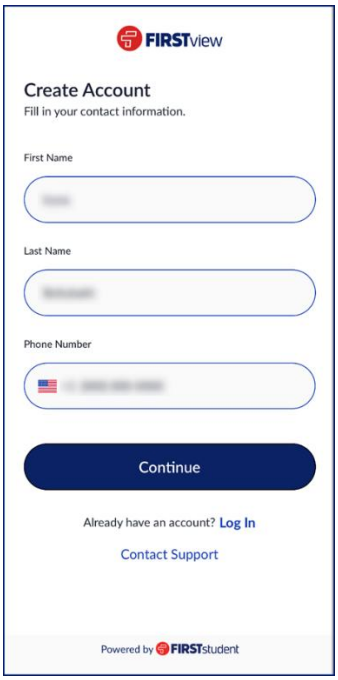

3. Check the email you entered during registration for a **verification code**.

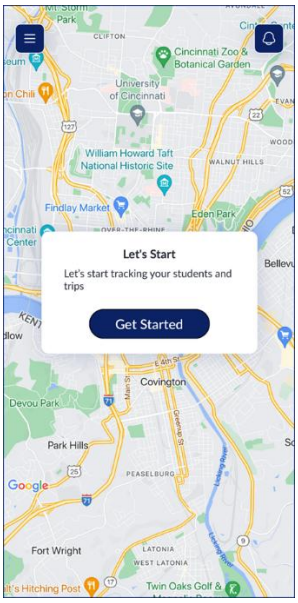

a. On the screen that opens, enter the verification code, and then tap **Verify**.

4. After entering the verification code: enter your first and last name (you will be able to edit this information later) as well as enter your phone number, and then tap **Continue**.

5. You have now completed the registration process! You can now proceed with adding your students. For this, tap **Get Started**.

Add student – NOTE: “Student” may be referred to as a TRIP.

TRIP: A student is often referred to as a TRIP in the bussing industry. A TRIP is a student who has a start location from primary residence to the bus stop.

Depending on your district’s registration type, you may need to provide additional information.

To add a student

1. On the Let’s Start screen, tap **Get Started**.
